BACHELOR OF ANIMATION & GAME ART

Affiliated to Bangalore City University

Immerse yourself in the captivating world of animation and game art with the Bachelor of Visual Arts program offered by Bangalore City University. This comprehensive program is designed to nurture your creative talents and equip you with the skills needed to excel in the dynamic fields of animation and game design. Under the guidance of experienced faculty members and through hands-on training, you'll explore various techniques, tools, and technologies used in the creation of captivating visuals for games, films, and other digital media.

At **Readrabbit School of Design**, we prioritise innovation and excellence in education. Our state-of-the-art facilities, including well-equipped studios and computer labs, provide students with the tools they need to bring their artistic visions to life. Additionally, our partnerships with industry leaders ensure that our curriculum remains up-to-date and relevant to current industry trends.
